

## Adding Interactivity with ACTIVstudio 3

- Matching
- Move (the "cover" or "from under the 'locked' cover") and Reveal
- Erase and Reveal (the "cover" may be a 'blot' or a 'top layer' picture or shape)
- Fill Text Colour and Reveal
- Fill Background Colour and Reveal
- Extend Text Box (Pull Up or Pull Down)
- Screen Shade and/or Spotlight
- Labelling using Annotation
- Labelling using DnD
- Multiple Duplicates (or 'Drag a Copy')
- Using Sound links, and Recording Sound (e.g. 'see and/or hear a question')
- Linking ("Actions" e.g. to other flipchart pages)
- Overlay maps/images and use Translucency slider
- Click to Move (another "action")
- Make a Flickbook Animation by Duplicating Pages
- Flash! (or use 'Activities Explorer')
- "Magic Box"
- Dashboard ...Flipchart Builder
- Use the 'Deconstruct Word' to abstract info from a sentence.
- Create a Cloze and Reconstruct a sentence
- Use the Camera tool (or Rt Click on the Spotlit area) to create a jigsaw from an image
- Students to Re-arrange sentences and/or images

Based on a concept at

<http://www.education.smarttech.com/NR/rdonlyres/5ABD546A-E4FA-4328-B217-B94205A66CB8/0/NAG.pdf>

and borrowing ideas from
